Imaging the Nervous System
5th Cambridge Neuroscience Biennial Symposium
September 9 - 10th 2015
West Road Concert Hall, University of Cambridge

Winfried Denk  
Florian Engert  
Zoe Kourtzi  
Michael Edwardson  
Helen Saibill  
Rafael Yuste  
Tim Behrens  
Dante Mantini

Xiaowei Zhuang  
Ned Kalin  
Nikolaus Kriegeskorte  
Kristan Franze  
David Klenerman  
Moritz Helmstaedter  
Valentina Emiliani  
Olaf Sporns

Christine Holt  
Nancy Kanwisher  
Na Ji  
Rainer Goebel  
James Rowe  
Albert Cardona  
Jean Livet  
Koichi Kawakami

Public Lecture: Sarah-Jayne Blakemore

Symposium Sessions Include:
Building neural circuits • Dense reconstruction • Super resolution
Molecular and physical structure • Imaging circuits at work
Clinical and translational imaging • Imaging cognition • Transcending levels

Registration opens November 2014
