SEEKING PAID SHORT-TERM RESEARCH ASSISTANTS WITH EXPERIENCE IN IMMUNOLOGY, ONCOLOGY, GENOMICS, and NEUROSCIENCES - £20/hour

Hello,

I am a faculty member at the London Business School – my faculty profile page can be viewed [here](#). I am currently part of a team conducting a study of academic science. As part of this project, I am looking for postdoctoral researchers who have experience in immunology, oncology, genomics, and neurosciences. The work will involve comparing and contrasting a set of academic papers.

We'll pay £20/hour and provide the pdfs of the scientific publications that must be analysed. The total amount of work should be at first around 5 hours. There will probably be opportunities for additional work of the same kind in the near future.

If you're interested in taking part, or have any questions, please email your CV to Marcela Umana (mumana@london.edu) and we'll get back to you.

Best,

Michaël
